Dora Besze

Textiles, to hung on a wall

Dora Besze is inspired by nature and organic shapes. She uses a variety of different materials and techniques including Ceramics, Glass and Textiles. This year she has focused on learning new textile techniques and developing them. It is important to her that her pieces either be useful or helpful. For this piece, she has been inspired by texture and colour and how they can help with people's anxiety. She wanted to create something that can help distract people from stressful situations.
