Kit and Fawn

Copper, Enamel, Moss, Amethysts, Quartz, Bog wood, Glass/metal casing, battery operated lights, Butterfly, Faux Plants.

Ashleigh's work is inspired by her journeys through the forest in search of magic and mystery, which often takes the form of mushrooms hiding amongst the leaves on the forest floor. Ashleigh likes to recreate the warm fuzzy feelings and sense of excitement and wonder within her pieces by transporting you to that forest floor through her work.

Artist Bio

Ashleigh graduated DeMontfort University in 2019 where she studied Design Crafts specialising in Metalsmithing and Jewellery. Now she continues to explore and create in her home studio in Lincolnshire, using metal and enamelling techniques as well as trying to incorporate found objects within her work. She is predominantly inspired by the magic and mystery found deep within the forest - especially mushrooms, moss and lichens - and likes to recreate how it feels to lose herself in the natural world and escape from everyday life.
