

# Architecture

LCB Depot's exhibition & events programme highlights work from a different creative practice every month. In October 2021 the focus is on architecture, product, and furniture design.

Leicester based designers and makers including new talent from De Montfort and Loughborough Universities are showcasing their latest work in our gallery and online.

## ***Health Innovation Dudley***

Launchpadd Architects

Health innovation Dudley is a new Higher Education Building focusing on high level careers in health & social care. Part funded by the UK Government 'Towns Fund', the building was designed, visualised and presented entirely in 3D using real time rendering technology. Health Innovation Dudley is a key gateway building to Dudley Town Centre and sits below Dudley's famous castle and zoo, a world heritage site. The videos here were key in securing the support of Historic England for the project on this important site.

Not For Sale

## **Artist Bio**

Nick Allen is a Chartered Architect and Registered RIBA Client Advisor who founded Metz architects in 1996 and ran the practice for 20 years designing and delivering many buildings from private dwellings to substantial education buildings, and everything in between. Nick is now a private consultant and the driving force behind Launchpadd.
