The works submitted are an expression of the artists interests in the abstract qualities and atmospheres of landscape, the ever changing sweep of light and how it affects the subject matter.

A leicestershire based artist and art tutor. Having studied at De Montfort University, Leicester, I gained a BA (Hons) Degree in Illustration & Graphic Design, I went on to a career as an Illustrator & Art Tutor. The work focusses on Landscape in the main and the search for both its realistic and abstract qualities. The experience of engaging with the landscape is an inspiration & solace, as the seasons change & the air cools/warms, it feels like an expression of the artistic quest, for the unique truths we hold as our own, each step into the artistic realm feels like the breath of life itself. The contrast of light, shade & colour reflects the broader themes in humanity and the search for the essence of what makes us who we are.
