Sugarplum Urn

Clay By Charlotte

Clay by Charlotte creates playful, tactile ceramics that balance ornament and form. Her pieces often feature bold colours and raised textures, inviting both visual and physical engagement. The Sugarplum Urn (2025), shown here, embodies her approach — a sculptural vessel adorned with rhythmic patterns

of blue and pink, transforming a traditional shape into something whimsical and contemporary

Artist Bio

I've dabbled in various pottery techniques over the years, soaking up inspiration from community studios and fellow artisans along the way. But now, I've found my groove with throwing, where the magic really happens. There's something incredibly satisfying about shaping clay on the wheel, turning it into something beautiful with my own two hands.

Pottery is my escape from the chaos of everyday life, a source of calm and creative fulfillment. Plus, let's be honest, who doesn't love the thrill of unveiling a finished piece and knowing you made it from scratch?
