From the place where the light goes out

Sandrine Deumier

Inspired by existing natural environments and carried by the notion of porosity of temporal planes and crossing of geological surfaces, this work is a dive into intermediate landscapes, neither natural nor artificial, beyond human memories. It attempts to answer the question of what kind of technological fictions can be imagined to steer the present time towards viable futures.

Artist Bio

Sandrine Deumier is a multidisciplinary artist working in the field of performance, poetry and video art whose work investigates post-futurist themes through the development of aesthetic forms related to digital imaginaries.
