Gut feelings I, II & III

Sumofabody

In the three works; Gut Feelings I, II and III, the body is explored as both physical and emotional terrain. Twisting, luminous forms that echo the body's rhythms and vulnerabilities also carry the body's private language of sensation and emotion.

The repeated shapes echo digestion's cycles; the constant flow and occasional blockage of internal life.

Artist Bio

I'm Rebecca Simpson, aka Sumofabody, a multidisciplinary artist based at Two Queens Studios in Leicester. My work explores the tangled relationship between the body and the self, translating inner sensations, illness, and emotion into colour, texture, and form.

Through painting, drawing, and digital adaptation, I map the body's unseen systems and the cycles of healing, control, and release. I turn personal experience into shared reflection, finding beauty in the fragile, shifting language of the body.

I recently showed a piece of my work at Two Queens members show in August 2025

I have recently started to work again after a long period of illness and recovery.
